

New York City & Long Island/Rockaway Peninsula

# Save energy at home – residential energy efficiency rebates

1-877-316-9491 | [www.ngrid.com/ee](http://www.ngrid.com/ee)

Energy saving offers for residential natural gas customers from National Grid.

- High-Efficiency Heating Equipment
- Water Heaters
- Wi-Fi Enabled Thermostats
- Boiler Reset Controls
- Pipe Insulation
- Thermostatic Radiator Valves

Simply use your smartphone to apply and upload photos of your receipts.

To apply for a National Grid energy efficiency rebate, customers should first consult with a qualified heating contractor or plumber to obtain an estimate. Then, view the available rebate funds at <https://www.rebatesee.com>. National Grid offers customers two ways to apply for energy efficiency rebates.

1. Complete the energy efficiency rebate application online at <https://www.rebatesee.com> and upload your paid contractor receipt/invoice - it's that easy.
2. The second option is to download and print a rebate application from <https://www.rebatesee.com>. Mail in your completed rebate application and paid contractor invoices to the address listed on the application.

<b>GAS EQUIPMENT</b>	<b>NYC REBATE</b>	<b>LI REBATE</b>
<b>Hot Water Boilers</b>		
Condensing boiler AFUE <sup>1</sup> ≥ 90% rating	<b>\$1,000</b>	<b>\$600</b>
Hot water boiler AFUE <sup>1</sup> ≥ 85% rating	<b>\$500</b>	<b>\$275</b>
<b>Steam Boilers</b>		
Steam boiler with electronic ignition AFUE <sup>1</sup> ≥ 82% rating	<b>\$500</b>	<b>\$275</b>
<b>Combination Furnace-Water Heater</b>		
Combination Furnace-Water Heater AFUE ≥ 94% and ≥ 0.8 Uniform Energy Factor	<b>\$600</b>	<b>\$400</b>
<b>Furnaces</b>		
Furnace AFUE <sup>1</sup> ≥ 94% rating & ECM <sup>2</sup> motor	<b>\$600</b>	<b>\$400</b>
Furnace AFUE <sup>1</sup> ≥ 92% rating & ECM <sup>2</sup> motor	<b>\$400</b>	<b>\$250</b>
Furnace AFUE <sup>1</sup> ≥ 90% rating	<b>\$200</b>	<b>\$120</b>
<b>Water Heaters</b>		
Indirect water heater attached to a natural gas hot water boiler with ≥ 85% AFUE <sup>1</sup>	<b>\$300</b>	<b>\$300</b>
Condensing water heater ≥ 90% Thermal Efficiency (40 gallons or greater)	<b>\$200</b>	<b>\$200</b>
Stand alone water heater ≥ 0.68 UEF <sup>4</sup> (40 gallons or greater)	<b>\$150</b>	<b>\$150</b>
Stand alone water heater ≥ 0.72 UEF <sup>4</sup> (50 gallons or greater)	<b>\$200</b>	<b>\$200</b>
<b>Controls</b>		
Boiler reset control: add on unit attached to a forced hot water boiler	<b>\$100</b>	<b>\$100</b>
Thermostatic radiator valves (limit 20 per gas account)	<b>\$50/ea</b>	<b>\$20/ea</b>
Contractor or self-installed <sup>3</sup> Wi-Fi enabled thermostats (limit 2 per gas account)	<b>\$75/ea</b>	<b>\$75/ea</b>
<b>Pipe Insulation</b>		
For steam or hot water boilers (limit 100 linear feet)	<b>\$0.75 per linear foot for fiberglass</b>	<b>\$0.75 per linear foot for fiberglass</b>
	<b>\$0.50 per linear foot for foam</b>	<b>\$0.50 per linear foot for foam</b>
For water heater's hot water supply line only (limit 12 linear feet)	<b>\$0.50 per linear foot for foam</b>	<b>\$0.50 per linear foot for foam</b>

<sup>1</sup>AFUE = Annual Fuel Utilization Efficiency

<sup>2</sup>ECM = Electronic Commutated Motor

<sup>3</sup>Self-installed thermostats require UPC barcode

<sup>4</sup>UEF = Uniform Energy Factor

Equipment must be installed from 1/1/20 to 12/31/20 and rebate application must be postmarked or submitted online by 12/31/20 to be eligible for qualified rebate(s) contingent upon availability of funds. Due to limited funding, the program may be terminated at any time. New York City offer available to residential customers that reside in Queens, Brooklyn and Staten Island where natural gas is available. Long Island offer available to residential customers who reside in Nassau/Suffolk counties and the Rockaway Peninsula where natural gas is available. National Grid high-efficiency equipment rebates are available for both existing natural gas heating and oil-to-gas conversion customers of National Grid regardless of equipment manufacturer.

Please call **1-877-316-9491** or visit [www.ngrid.com/ee](http://www.ngrid.com/ee) with questions or to learn more about our commercial, industrial, commercial kitchen and residential energy efficiency programs.
